Buying a house for the Sigma Omicron chapter of Tau Kappa Epsilon will provide a stable environment and permanent home for our Chapter that works to enhance student life and provide chapter members with a well-rounded college experience. The chapter house will provide members with the opportunity to live in a Fraternal environment that promotes brotherhood while supporting the member's academic and social pursuits.

Your donation can serve as the catalyst that lays the first "brick" in building a stronger TKE Fraternity at MTSU. During the "Building Brotherhood" Campaign, your donation of \$100 or more will reserve a space for you to be permanently recognized in the Sigma Omicron Chapter House, recognizing those who gave the gift of support in the housing fund's first two years of success.

*Another great way to give to The Sigma Omicron Housing Fund is by working with your company's matching gift program. Many businesses offer matching gifts for employees. Your business can help add to the growth of the Sigma Omicron chapter, by donating to the House Fund. A combined donation of \$100 or more will also reserve a space for your company name and your name to be permanently located in the Sigma Omicron house, recognizing individuals and organizations who gave the gift of support in the housing fund's first year of success.*

Please browse the information below. We can also provide you with an online donation form or one in PDF format for your convenience. We urge you to fill out and send in your donation form, so you can take part in the benefits of the "Building Brotherhood" Campaign.
